

INCORRECT FUEL PROTECTION - OPTIONAL

If You have selected incorrect Fuel Protection and have paid any additional premium required (please see Your Proposal Form for inclusion) You will be entitled to the following additional cover:

WHAT IS INSURED

This Insurance is designed to pay for the reasonable Repair Costs due to (inadvertently) filling Your Vehicle's fuel tank with incorrect fuel during the Period of Insurance, whilst Your Vehicle is within the Geographical Limits, subject to the conditions and exclusions set out herein.

Claim Limit: This insurance is subject to: the Single Claims Limit and Sum Insured of £250 inc VAT (or any higher or lower amount noted on Your Proposal Form).

Repair Cost: The reasonable cost of emptying, flushing, cleaning out and/or unblocking of Your Vehicle's: fuel tank, fuel lines, filters, pump, accumulator, regulator, injectors and fuel return system, including the disposing of wasted contaminated fuel.

Please Note: You can only make one valid claim within each 12 month period within the Sum Insured.

Excess: You agree to meet the first £25 of any valid claim.

Exclusions: This cover does not extend to include the replacement cost of any Part(s) damaged by the use of incorrect fuel nor does it include the cost of re-fuelling. Other exclusions are detailed on page 25.
